EAST AFRICAN
CRUDE OIL
PIPELINE

REQUEST OF EXPRESSION OF INTEREST FOR PROVISION OF SOCIAL AND RESETTLEMENT SERVICES FOR THE EAST AFRICAN CRUDE OIL PIPELINE IN UGANDA REFERENCE NO. 10005028

TOTAL East Africa Midstream B.V. ('Company'), invites experienced and reputable contractors to express their interest in carrying out social and resettlement planning services for the Uganda section of the EACOP project.

The EACOP project in Uganda comprises 296 km of 24" buried isolated pipeline, 4 construction camps, and Above Ground Facilities running from Kabaale (Hoima district) to Uganda border at Mutukula. The social and resettlement planning services will include, but will not be limited to, the following:

- Stakeholder Engagement and Community Consultations
- Resettlement and livelihood restoration planning for pipeline Right of Way, Above round Facilities, including Resettlement Action Plan (RAP)
- Field surveys (socio-economic, asset and land demarcation)
- RAP Implementation including Livelihood Restoration

Resettlement planning is scheduled to start straight after contract award and shall comply with Uganda's legal and regulatory requirements and international best practices including International Finance Corporation (IFC) Performance Standards.

Due to the tight delivery schedule requested, the scale of such a linear project and the standards required, contractors are encouraged to jointly express their interest under local and/or international consortiums, partnerships or joint ventures.

Minimum Requirements:

- RAP /Livelihood Restoration planning and implementation experiences within Uganda and/or Sub-Saharan Africa on projects requesting International Financial standards
- Interested contractors (or consortiums) shall mandatorily include Registered Land Surveyors and Valuers.
- Suitably qualified and experienced personnel;
- Available capacity to provide the services within the required schedule;
- Financial capability to deliver the services;
- Suitable HSE, Social and Quality policy
- Compliance with National Content statutory laws and regulations of the Government of Uganda including the registration to the National Supplier Database for O&G sector
- Experience in Management of large scale project requesting several teams on the ground.

Interested companies that meet the minimum requirements and have the capability to provide the services listed above, should request a pre-qualification questionnaire by sending an email to: **EP.PREQUALIFICATION-UGEP@total.com** on or before **12h00 Kampala time on Wednesday 16th of March, 2018.**

The Call for Tender documents will include a questionnaire that will allow the Company to assess the capabilities of the interested companies to carry out the services listed above. This questionnaire shall be part of the bid.

Any bids received without this document will not be considered by the Company. Bids and relevant supporting documents must be labeled Call for Tender **reference 10005028** and returned to the Company to the email address above on or before the date mentioned in the instructions to tenderers.

Note: Only prequalified bidders will receive invitations to submit bids in furtherance of the Call for Tender process.
